

WIZU

Portland House

New Bridge Street West,
Newcastle upon Tyne, NE1 8AP

Portland House is a lovingly restored heritage building in the heart of Newcastle's buzzing city centre.

Industrial pipework and weathered concrete, soft furniture and warm lighting – we've mixed cool with comfort to create a super-central workspace worth setting an alarm for. Ceiling-high windows flood rooms with light, while smart layouts maximise your space.

During the day, you've got unlimited access to comfy breakout areas, private phone booths, stocked kitchens and free barista-style coffee. Need to get your team together? Use our app to book any of our four stylish meeting rooms. For bigger events, hire our boutique-style event space with its own boardroom table, kitchen

and breakout zone – ideal for team days, training sessions, product launches or client presentations.

Portland House is the only building in Newcastle with its own dedicated emergency power supply. Log in at lightning speeds with our market-leading ultra-fast fibre broadband, which has been awarded the WiredScore platinum rating.

If you need a hand with anything at all, we've got your back. We pride ourselves on our Northern hospitality and service with a smile.

Welcome to the most highly rated workspace in the North

Beautiful spaces, friendly people, feel-good vibes. Wizu balances work and wellbeing – and you're welcome anytime.

Once you're in, you're part of the family. We'll get to know you by name and be ready with a listening ear or helping hand whenever you need us.

Why not come along to our regular events and mingle with other friendly faces? Communal breakfasts, treat days, fundraisers and networking hangouts are all included in your monthly fee.

“I came for a desk but found so much more – the brilliant Wizu team, top-notch facilities and great value for money.”

Stephen Walker, FareShare UK

We're home to 300+ brands

Year three	£110,000	£160,000
	£315,000	£588,000

“Our mission is to mix big city ambition with local heart – so wherever you’re based, you feel right at home”

John & Tom
Co-founders

Why choose Wizu?

Finding the right workspace can feel overwhelming, with endless options, confusing terms and rigid contracts. So in 2016, we set out to make things simple.

We opened our very first workspace in the North, fuelled by passion, a few sleepless nights and countless cups of Yorkshire Tea. Our dream was to create spaces that weren't just beautiful but supportive too – where flexible terms were a given, transparent pricing was a promise and service with a smile was guaranteed.

Today, you can walk into a Wizu in seven major cities and start scaling your business. Seeing success happen is what keeps us going every day (well – that and the tea!) and why we're so excited to keep expanding in the years ahead.

Where we are

Benefit from 13 unique workspaces across seven locations in Northern England and Scotland. We've got 300,000 sq ft of workspace and counting!

Portland House

“The space is modern, well-designed and perfect for productivity and collaboration. The team at Wizu are always friendly, professional and quick to support whenever we need anything. It really feels like more than just an office – it’s a community.”

Lena Weber-Reed, Getronics

“The team helped us find the perfect space to call our own, which works brilliantly for the business today but also gives us room to grow into the future. We really value the flexibility, and our clients love visiting us here too.”

Lucy Baird, Lucky North

“We were one of the first tenants in Portland House, and it’s been fantastic from the start. Our office meets our needs perfectly and the facilities are top class. The Wizu team are always on hand. They’ve been brilliant looking after visiting clients and guests.”

Richard Morgan, IC Planning

We're proud to be planet-positive

We're all about being energy-smart, eco-friendly and growing the right way. With support from our pals at Flotilla (they're net zero pros), we're making sure our environmental, social and governance (ESG) goals aren't just buzzwords.

1. Go green

Set sustainable practices, reduce our carbon footprint, help you protect the planet

2. Give back

Look after local people, support health and wellbeing, offer opportunities to grow

3. Make it last

Protect data privacy, set green goals with landlords, build an ethical supply chain

Your space has

Energy-efficient LED lighting

Motion sensors

Low-flow fixtures

Recycling zones

Eco building materials

Smart tech
