

WIZU

West Regent Street

2 West Regent Street,
Glasgow, G2 1RW

Light, bright and full of life, West Regent Street brings a little sunshine to the heart of Glasgow.

This award-winning building is famous for its floor-to-ceiling windows, which give our beautifully designed workspace a signature glow. It feels fresh and easy to focus in, with a soft colour palette of sky blues, soft greens, pale pinks and natural tones.

Whether you're flying solo or part of a 100+-strong team, you can always do your best work. There's a place for every kind of work mode – sink into a comfy seat in a breakout area, tuck yourself away in a private phone booth or book a meeting room in seconds with our handy app.

Need to host clients, launch a product or celebrate your team? Our on-site event space seats up to 40 people.

With a private office, you can head on over to West Regent Street any time, 24 hours a day, seven days a week. And when it's time to recharge, Glasgow's best bars, shops and restaurants are right on your doorstep.

If you need a hand with anything at all, we've got your back. We pride ourselves on our Northern hospitality and service with a smile.

Welcome to the most highly rated workspace in the North

Beautiful spaces, friendly people, feel-good vibes. Wizu balances work and wellbeing – and you're welcome anytime.

Once you're in, you're part of the family. We'll get to know you by name and be ready with a listening ear or helping hand whenever you need us.

Why not come along to our regular events and mingle with other friendly faces? Communal breakfasts, treat days, fundraisers and networking hangouts are all included in your monthly fee.

“I came for a desk but found so much more – the brilliant Wizu team, top-notch facilities and great value for money.”

Stephen Walker, FareShare UK

We're home to 300+ brands

WIZU
WORKSPACE

“Our mission is to mix big city ambition with local heart – so wherever you’re based, you feel right at home”

John & Tom
Co-founders

Why choose Wizu?

Finding the right workspace can feel overwhelming, with endless options, confusing terms and rigid contracts. So in 2016, we set out to make things simple.

We opened our very first workspace in the North, fuelled by passion, a few sleepless nights and countless cups of Yorkshire Tea. Our dream was to create spaces that weren't just beautiful but supportive too – where flexible terms were a given, transparent pricing was a promise and service with a smile was guaranteed.

Today, you can walk into a Wizu in seven major cities and start scaling your business. Seeing success happen is what keeps us going every day (well – that and the tea!) and why we're so excited to keep expanding in the years ahead.

Where we are

Benefit from 13 unique workspaces across seven locations in Northern England and Scotland. We've got 300,000 sq ft of workspace and counting!

“The space is modern, well-designed and perfect for productivity and collaboration. The team at Wizu are always friendly, professional and quick to support whenever we need anything. It really feels like more than just an office – it’s a community.”

Lena Weber-Reed, Getronics

“The team helped us find the perfect space to call our own, which works brilliantly for the business today but also gives us room to grow into the future. We really value the flexibility, and our clients love visiting us here too.”

Lucy Baird, Lucky North

“I’ve been with Wizu for four years now. Having experienced many other office set-ups, the attitude, helpfulness and overall determination to find things that ‘work’ at Wizu is impeccable. I cannot praise the team highly enough.”

Nick Fox, Axxess Payment Services

We're proud to be planet-positive

We're all about being energy-smart, eco-friendly and growing the right way. With support from our pals at Flotilla (they're net zero pros), we're making sure our environmental, social and governance (ESG) goals aren't just buzzwords.

1. Go green

Set sustainable practices, reduce our carbon footprint, help you protect the planet

2. Give back

Look after local people, support health and wellbeing, offer opportunities to grow

3. Make it last

Protect data privacy, set green goals with landlords, build an ethical supply chain

Your space has

Energy-efficient LED lighting

Motion sensors

Low-flow fixtures

Recycling zones

Eco building materials

Smart tech
